Since these publications do not contain a specific Grade 13 syllabus, schools offering Honour Graduation level courses in these fields should submit outlines to the regional director, as in the case of a new or experimental course.

Ces programmes-cadres ne contiennent pas la programmation détaillée pour la 13e année. Les écoles qui offrent des cours dans ces domaines doivent soumettre un plan d'études au directeur régional tout comme s'il s'agissait d'un cours expérimental ou innovateur.

Requirements for the provision of textbooks

1
Circular 14 is an annual publication issued on the authority of the Minister of Education, listing textbooks approved for use in schools by Ontario Regulation 380/76 as amended by Ontario Regulations 513/76, and 831/76, and a 1977 regulation.

2
a) Textbooks are those books that boards are required to provide in numbers sufficient for the use of pupils. Pupils cannot be required to buy such books, except in the case of courses leading to the Secondary School Honour Graduation Diploma.

In certain subjects, the nature of the instructional program or the extent to which the textbook is used by the students may be such that the board would satisfy the requirement to provide textbooks "in numbers sufficient for the use of pupils" by supplying class sets, each of which could serve for several classes. Such a situation might exist if it were decided to use a number of reference books instead of a single prescribed textbook. It would also apply to subjects in which regular homework assignments were not required.

b) In all subject areas for which books are listed in Circular 14, textbooks must be selected from those listed in Circular 14, unless permission for another selection has been granted by the Minister.

c) In those subject areas and programs for which no textbooks are listed in Circular 14 (for example, English literature, littérature française, the "authors" in modern languages and classics, shorthand, and special education), textbooks to be provided by the school board are to be selected by the principal in consultation with the teachers, and the selection approved by board resolution.

There are also some guidelines (e.g., Informatics, Law, Biology RP-50) under which texts are listed which provide material for only some units of the guideline. If teachers desire to use other books, the provision for local selection of textbooks, subject to approval by board resolution, applies. A note to this effect accompanies the appropriate guidelines in Circular 14.

Where textbooks are to be selected locally under Section 2(c) of Circular 14, preference should be given to books by Canadian authors or editors, printed and bound in Canada.

Although the titles of books to be used in English literature courses are not shown in Circular 14, the full title (and the name of the particular edition if such is required) should be included in the list submitted by the principal to the board for approval. If a particular edition is required, the cost involved should be considered in the choice, and the price drawn to the attention of the board when formal approval is sought.

Fourniture des manuels scolaires – règlement

1
La Circulaire 14 est une publication annuelle dont la parution relève de la compétence du ministre de l'Education. Cette Circulaire donne la liste des manuels scolaires agréés en vertu du Règlement de l'Ontario 380/76 amendé par les Règlements 513/76 et 810/75 et un règlement de 1977.

2
a) Les manuels scolaires sont les ouvrages que le conseil scolaire doit mettre en nombre suffisant à la disposition des élèves. On ne peut pas exiger des élèves qu'ils achètent ces livres, à l'exception de ceux utilisés dans les cours préparant au diplôme d'étude secondaires supérieures.

Dans certaines matières, la nature de l'enseignement ou l'utilisation limitée du manuel scolaire par les élèves permet au conseil scolaire de satisfaire au règlement stipulant qu'un «nombre suffisant de manuels scolaires soient mis à la disposition des élèves,» en ne fournissant que des manuels à utiliser en classe et pouvant servir à plusieurs classes. On se trouverait dans cette situation si on décidait d'utiliser plusieurs livres de référence pour un cours plutôt que de choisir un seul manuel scolaire prescrit. Ceci s'applique aussi aux matières pour lesquelles on ne prescrit ordinairement pas de devoirs à faire à la maison.

b) Dans toutes les matières pour lesquelles la Circulaire 14 donne une liste d'ouvrages, il faut choisir les manuels scolaires sur cette liste, à moins que l'on ait obtenu du Ministre l'autorisation de faire un autre choix.

c) Dans les matières et les programmes pour lesquels la Circulaire 14 ne donne aucune liste d'ouvrages (par exemple la littérature française et anglaise, les «grands auteurs» classiques et modernes, la sténographie et l'éducation spéciale), c'est le directeur d'école qui, en collaboration avec les enseignants, doit choisir les manuels que le conseil scolaire va fournir. Ce dernier doit ensuite approuver ce choix.

Il y a aussi des matières et des programmes (par exemple l'Informatique, Le droit, Biologie RP-50) pour lesquels les manuels inscrits à la Circulaire ne couvrent qu'une partie du contenu du programme-cadre. Les enseignants qui désirent utiliser d'autres manuels peuvent le faire en obtenant, par une résolution du conseil scolaire, l'approbation des livres choisis. Une trouvera une remarque à cet effet à la suite des programmes-cadres en question.

Lorsque les manuels scolaires sont choisis localement, conformément à l'article 2(c) de la Circulaire 14, il y a lieu de donner la préférence aux ouvrages d'auteurs canadiens, publiés, imprimés et reliés au Canada.

Bien que la Circulaire 14 n'indique pas le titre des ouvrages à utiliser dans les cours de littérature française ou anglaise, le directeur d'école doit en donner le titre

d) Requests for permission to use textbooks not listed in Circular 14 or not covered under Section 2(c) of that Circular must be submitted by the chief education officer for a school board to the Regional Director of Education for the attention of the provincial Director of Curriculum Development.

e) New or experimental courses not included in the rationale of existing Ministry guidelines require approval for purposes of credit towards an Ontario school graduation diploma. Permission is also required for the use of textbooks to be used in connection with new or experimental courses, exclusive of courses leading to the Secondary School Honour Graduation Diploma.

The chief education officer for a school board will send a request for approval to the Regional Director of Education, along with an outline that indicates the nature of the studies to be undertaken, the level at which the course will be given, the textbooks and reference material proposed for use, and the intended date of introduction of the course.

The Regional Director will enlist the assistance of both the regional and central office curriculum personnel in examining the course and any proposed textbooks.

Requests for approval must be sent well in advance of the proposed introduction of the course.

In the case of new or experimental courses leading to the Secondary School Honour Graudation Diploma, in addition to the textbooks and reference material proposed for use, a statement to the effect that the board has approved the use of the textbooks and reference material must be included with submissions.

f) To provide students with a wider choice and pending the development of Canadian materials, some of the more recently developed materials for instruction in second and third languages have been included. Because of the nature of these textbooks, they require use in the classroom before a true evaluation can be made. Therefore, they have been given interim approval pending a more complete evaluation.

g) Boards are urged to provide schools and/or classrooms, upon recommendation by the principals and supervisory personnel, with:

i) one or more reference copies of texts listed in Circular 14 other than those adopted as pupil textbooks.

ii) one or more copies of reference books chosen by teachers from Circular 15 or from the resource materials in Ministry guidelines.

complet (ainsi que l'édition particulière s'il y a lieu) sur la liste des ouvrages soumis à l'approbation du conseil scolaire. Dans le cas où une édition particulière est requise, il faut tenir compte de son coût pour faire le choix définitif et attirer l'attention du conseil scolaire sur les frais requis lorsque la liste des livres à approuver lui est soumise.

d) L'agent en chef du conseil scolaire concerné doit soumettre au directeur régional de l'Education, à l'attention du directeur provincial du Service de l'élaboration des programmes, toute demande relative à l'utilisation de manuels scolaires non inclus à la Circulaire 14 ou ne tombant pas sous l'article 2(c) de ladite circulaire.

e) Tout cours nouveau ou expérimental se plaçant en marge des programmes-cadres du Ministère doit être approuvé pour donner droit à un crédit dans le cadre du diplôme d'école secondaire de l'Ontario. Il faut aussi obtenir l'approbation du Ministère pour tous les ouvrages à utiliser dans ces cours nouveaux ou expérimentaux, à l'exception des cours préparant au diplôme supérieur d'études secondaires.

L'agent en chef du conseil scolaire doit soumettre une demande d'approbation au directeur régional de l'Education, dans laquelle il doit décrire le cours proposé, indiquer le niveau auquel il doit se donner, les manuels scolaires et la documentation prévus et la date où ce cours doit commencer.

Le directeur régional, avec l'aide des conseillers en programmes et du personnel du Service de l'élaboration des programmes du bureau central, examine alors le cours en question de même que les ouvrages proposés pour ce cours.

Les demandes d'approbation doivent s'envoyer bien avant la date prévue pour commencer ce cours.

Dans le cas de cours nouveaux ou expérimentaux au programme du diplôme supérieur d'études secondaires, il y a lieu de joindre à la proposition relative aux manuels scolaires une déclaration attestant que le conseil scolaire a approuvé le manuel et la documentation proposés.

f) Afin de donner aux élèves un plus grand choix dans les ouvrages pédagogiques récents dans une deuxième ou troisième langue, et en attendant la publication d'ouvrages canadiens, on a pris des mesures spéciales pour inclure à la liste plusieurs manuels scolaires supplémentaires. De par leur nature, ces ouvrages doivent faire l'objet d'essais en classe avant que l'on puisse en exprimer un jugement objectif. On accorde donc une autorisation temporaire en attendant qu'ils aient été évalués d'une façon plus complète.

g) On prie les conseils scolaires de fournir aux écoles et aux classes, sur recommandation du directeur d'école et du personnel de surveillance:

i) un exemplaire de référence ou plus des ouvrages figurant sur la liste de la Circulaire 14, autres que ceux qui ont été adoptés pour la classe;

3
When selecting textbooks, teachers, principals, and supervisory officials should give consideration to:

i) the date of publication.

ii) the objectives of the course or program with which the book will be used.

Information

1
Wherever possible, the lists of textbooks in Circular 14 contain books written by Canadian authors and printed and bound in Canada.

2
Two of the criteria for the selection of books for listing in the Circular are that the content should be of sound scholarship and contemporary relevance, and that the approach should be broadly consistent with Ministry guidelines which offer a framework upon which courses of study can be developed to suit the local and Canadian environment. Thus Circular 14 may be considered as an instrument to assist in the improvement of instruction and learning.

3
The system of listing several approved textbooks for a particular area of study attempts to maintain flexibility in the selection of titles in order to accommodate individual differences among pupils. It is a truism of modern education that if all pupils are to be challenged to the full extent of their capabilities, and that if pupils differ in the manner and rate in which they learn, no single textbook will serve all the pupils in a given grade in any given subject. The involvement of teachers, department heads, and supervisory personnel in the selection of textbooks can therefore be a most effective means of in-service education. All textbooks listed for a subject should be evaluated before the principal selects titles for local use.

In evaluating books, teachers should understand that the most recent addition is not necessarily the best book on the list; it may merely present a different approach to the subject.

If a policy of continuous evaluation is in operation locally, the school is able to replace the least satisfactory texts or to experiment with new or different texts without having to discard usable textbooks. Assuming that about one-third of the textbooks must be written off annually as unserviceable, the replacements, if the principal and teachers so recommend, can be new or different books.

ii) un exemplaire de référence ou plus des ouvrages que les enseignants ont choisis dans la Circulaire 15 ou dans les annexes des programmes-cadres du Ministère.

3
Avant de s'arrêter sur le choix d'un manuel scolaire en particulier, il est essentiel que les enseignants, les principaux et les responsables de la supervision tiennent compte des facteurs suivants:

i) la date de la publication

ii) les objectifs du cours ou du programme pour lequel le manuel sera utilisé.

Renseignements

1
Dans la mesure du possible, les manuels inscrits à la Circulaire doivent être rédigés par des auteurs canadiens, imprimés et reliés au Canada.

2
Deux des critères sur lesquels se fonde le choix des ouvrages inclus à la Circulaire 14 sont (1) qu'ils constituent une base d'enseignement solide et soient en rapport avec notre temps; (2) que la présentation des matières corresponde dans les grandes lignes aux programmes-cadres du ministère de l'Education. Ceux- ci doivent servir de base à l'élaboration de cours adaptés au milieu canadien et aux besoins locaux. On peut donc considérer la Circulaire 14 comme un instrument servant à améliorer l'instruction et l'éducation.

3
On cherche, avec ce système de liste multiple des manuels scolaires approuvés, à conserver une certaine souplesse de choix, de manière à répondre aux besoins individuels des élèves. Il est évident que puisque l'on reconnaît dans l'éducation moderne que les élèves diffèrent dans la façon dont ils apprennent et dans le rythme auquel ils apprennent, il est impossible qu'ils s'intéressent à un sujet au maximum de leurs capacités si on offre le même manuel scolaire à tous pour une matière donnée et à un niveau précis. Si les enseignants, les chefs de section et les conseillers en programmes participent à l'évaluation des manuels scolaires, ils auront ainsi une excellente occasion de perfectionnement. Tous les manuels compris dans la liste devraient tout d'abord être évalués avant que le directeur les adopte pour son école.

Lorsque les enseignants évaluent les livres indiqués sur la liste, ils doivent bien comprendre que les titres ajoutés le plus récemment à cette liste ne représentent pas nécessairement les meilleurs livres; il se peut simplement que ces ouvrages adoptent une présentation différente du sujet.

En adoptant la méthode d'évaluation continue des livres au niveau local, toute école peut remplacer les ouvrages qui donnent moins de satisfaction ou essayer des ouvrages nouveaux ou différents, sans pour cela devoir se débarrasser des manuels qui peuvent encore servir.

4
When a new book is published, the publisher submits copies to the Curriculum Development Branch for evaluation. The Ministry then sends a copy to each of several readers or critics for comments and criticism. The books are examined in the light of certain established criteria, and reports are submitted to the Ministry. When the reports are received, they are reviewed in detail, and a recommendation is prepared.

This process takes some time, but it is necessary to ensure by thorough examination that only the best textbooks are put into the hands of students.

5
Since it is not possible to synchronize the times of publication of new books with the date of issuing Circular 14, the approval of new books submitted to the Ministry after the issuance of Circular 14 is announced in supplements to that circular. The announcement of a new book by means of a supplement does not imply that the book should replace the one in current use. The purpose of a supplement is rather:

i) to inform teachers and principals of the approval of a textbook for a new guideline for which there has not previously been an approved book, or

ii) to indicate approval of an additional title which is to be added to those listed in a given category. It is from the augmented list that the principal and teachers will make their selection the following year. The periodic approval of new books allows the teacher more time for careful evaluation than would be possible if all new titles were announced at one time.

Si l'on suppose qu'il faut jeter environ un tiers des manuels scolaires chaque année parce qu'ils sont en trop mauvais état pour servir, on pourrait les remplacer par des livres nouveaux ou différents, si le directeur et les enseignants le recommandent.

4
Lorsqu'un nouvel ouvrage est publié, l'éditeur intéressé le soumet au Service de l'élaboration des programmes, ministère de l'Education, qui en envoie un exemplaire à plusieurs lecteurs ou critiques. Ceux-ci en font l'analyse conformément à certains critères établis et soumettent ensuite leur rapport au Ministère. Celui-ci, à son tour, passe ces rapports en revue et rédige une recommandation.

Cette méthode est relativement lente mais on veut s'assurer par cet examen minutieux que seuls les meilleurs manuels scolaires seront mis entre les mains des élèves de nos écoles.

5
Comme il est impossible de faire correspondre la publication de la Circulaire 14 à celle des nouveaux ouvrages, l'approbation du Ministère relative à tout ouvrage qui lui est soumis après la publication de la circulaire 14 est annoncée sous forme de supplément à ladite Circulaire. Toute annonce d'un nouvel ouvrage au moyen d'un supplément à la Circulaire 14 ne signifie pas qu'il faut remplacer le manuel que l'on utilise actuellement. Le but de ce supplément est plutôt:

i) d'informer les enseignants et les directeurs d'école de toute approbation de manuels scolaires pour un nouveau programme-cadre pour lequel aucun manuel n'a été approuvé auparavant, ou

ii) d'indiquer le titre de tout ouvrage supplémentaire que l'on peut ajouter à la liste d'une catégorie donnée. Directeurs d'école et enseignants pourront choisir sur cette liste mieux fournie les ouvrages à utiliser l'année suivante. En annonçant l'approbation du Ministère périodiquement on donne aux enseignants plus de temps pour évaluer soigneusement ces ouvrages qu'ils n'en auraient s'ils recevaient toute une liste de nouveaux ouvrages en même temps.

Inclusion of Kits in Circular 14

Starting in 1977, *Circular 14: Textbooks* will list, in addition to textbooks, kits that have been approved for use in Ontario schools. Kits are selected on the basis of their intended use, that is, only those kits are eligible that perform essentially the same function as a textbook. For this reason, approved kits may be regarded as *textual materials* in the same way as textbooks.

Two criteria are used to make a distinction between textual materials and supplementary or reference materials: (1) Textual materials are intended for pupil use, not teacher use, and therefore must be available in numbers sufficient for the use of pupils (i.e., for textbooks, one copy for each pupil or, where a variety of materials is used, a minimum of six copies for the use of an average class; in the case of kits, a kit must be of such a nature that it may be used by all pupils in the class or not fewer than a group of six at one time); (2) textual materials are materials that are essential to the basic program for a significant unit of time.

In keeping with the above, the following criteria will be applied in considering materials for inclusion in *Circular 14:*

1. A kit must be designed to fill a role that is analogous to that of a textbook, as described above.

2. The majority of a kit's contents must be in printed form. A kit consisting exclusively or principally of audio-visual materials will not be eligible. At the same time, a package consisting exclusively of textbooks and teachers' manuals will not be defined as a kit.

3. All items in a kit must be of Canadian authorship and manufacture. When special circumstances dictate, inclusion of items of non-Canadian origin may be permitted.

4. A kit that is supplementary to a textbook will be eligible provided that it fills a central role in the learning program of which the textbook is a part.

5. It is recognized that consumable supplies form part of many kits. However, to be eligible for inclusion in *Circular 14,* at least 80 per cent of a kit's contents must be sufficiently durable to last three years. If consumable items are included, the kit must contain clear instructions as to how replacements may be obtained.

6. If a kit includes a teacher's manual, it should be a guide to the use of materials in the kit and should not form a major component of the cost of the kit.

The following codes are used to describe the contents of each kit:

Ac	Audiocassettes	OvPr	Overhead projectuals
Ad	Audio discs	P	Posters
Bk	Books	PiC	Picture Cards
Bkl	Booklets	PrC	Printed cards

Inclusion des trousses dans la Circulaire 14

A partir de 1977, la *Circulaire 14, Manuels scolaires,* inclura, en plus des manuels scolaires, des trousses d'apprentissage agréées à l'usage des écoles de l'Ontario. Les trousses sont choisies en fonction de l'usage que l'on compte en faire, c'est-à-dire que seules les trousses destinées à remplir une fonction fondamentalement analogue à celle d'un manuel scolaire sont susceptibles d'être approuvées. C'est pourquoi des trousses agréées peuvent être considérées comme du *matériel d'apprentissage* au même titre que les manuels scolaires.

Deux critères permettent d'établir une distinction entre le matériel d'apprentissage proprement dit et tout matériel supplémentaire ou matériel de référence: (1) Le matériel d'apprentissage est destiné aux élèves et non pas aux enseignants et doit par conséquent être disponible en quantité suffisante pour être utilisé par les élèves (soit, en ce qui concerne les manuels scolaires, un exemplaire par élève ou, si l'on se sert de divers ouvrages, six exemplaires au minimum pour une classe moyenne; pour ce qui est des trousses d'apprentissage, elles doivent être préparées de façon que tous les élèves d'une classe puissent s'en servir, en tout cas pas moins de six élèves à la fois); (2) On entend par matériel d'apprentissage tout matériel nécessaire au programme de base pendant une période de temps suffisamment longue.

Conformément à ce qui précède, on se basera sur les critères qui suivent pour évaluer le matériel pédagogique susceptible de figurer dans la Circulaire 14.

1. Les trousses doivent être destinées à remplir une fonction analogue à celle des manuels scolaires (voir ci-dessus).

2. Les trousses doivent être constituées en majeure partie de matériel d'apprentissage imprimé. On n'acceptera pas de trousse contenant exclusivement ou en majeure partie du matériel audio-visuel. En outre, un ensemble ne contenant que des manuels scolaires et des livres réservés au maître ne sera pas considéré comme une trousse.

3. Tout le matériel contenu dans les trousses doit être préparé et fabriqué par des Canadiens. On peut toutefois, lorsque les circonstances l'exigent, inclure du matériel non canadien.

4. Toute trousse considérée comme supplément d'un manuel sera susceptible d'être agréée à condition qu'elle ait une fonction importante dans le programme d'apprentissage dont le manuel fait partie.

On a adopté le code qui suit pour décrire le contenu des trousses:

Af	Affiches	F	Film (16 mm)
FF	Films fixes	G	Graphiques
B	Brochures	GM	Guide du maître
CG	Cartes de géographie	I	Images
Cl	Cartes imprimées	L	Livres
C	Cassettes	MR	Matériel pour rétroprojecteur
Dia	Diapositives		
Dis	Disques	S	Stencils
Div	Divers		

7. Laboratory materials will be excluded. Any kit comprising mainly manipulative materials will not be eligible.

It will clearly not be possible for the Ministry to purchase entire kits for the Book Purchase Plan. For this reason, manufacturers will be invited to assemble specimen sets containing representative sections of a complete kit, plus whatever additional information the manufacturer may wish to include. The provision of specimen sets or sample kits for use with the Book Purchase Plan is at the option of the publisher. The word *kit* in brackets will appear after each kit title on the Book Purchase Plan order form in order to distinguish it from a book. Because of special manufacturing problems, it may not be possible for a publisher to deliver a sample kit at the same time as the sample books.

The approved kits are listed together with the textbooks in the usual manner – in alphabetical order under each appropriate guideline.

Selection of Textbooks

Extracts from the Act and Regulations

The following extracts from the Act and Regulations pertaining to the administration of education in Ontario relate to textbooks. For accurate reference, recourse should be had to the Statutes of Ontario.

The Education Act, 1974

8.-(1)
The Minister may,

d) establish procedures by which and the conditions under which books and other learning materials are selected and approved by the Minister;
e) select and approve for use in schools textbooks, library books, reference books and other learning materials;
f) cause to be published from time to time lists of textbooks, learning materials, reference books and library books, selected and approved by the Minister for use in elementary and secondary schools;

5. On doit quelquefois inclure, dans la trousse, des articles d'une utilité temporaire. Pour être acceptable cependant, la trousse doit contenir au moins 80% d'articles utilisables pendant trois ans. Si elle renferme du matériel temporaire, elle doit contenir des instructions de remplacement claires.

6. Si la trousse contient un livre du maître, ce livre doit avoir pour fonction d'expliquer le contenu de la trousse, et son prix ne doit constituer qu'une partie minime de celui de la trousse.

7. On n'acceptera pas de matériel de laboratoire. Toute trousse comprenant surtout du matériel de manipulation sera rejetée.

Il est évident que le Ministère ne pourra acheter des trousses complètes pour le Plan d'achat de manuels. C'est pourquoi on invite les fabricants à préparer des ensembles types comprenant des sections représentatives d'une trousse complète et à y joindre toutes les explications qui leur semblent appropriées. Il appartient aux maisons d'édition de décider d'offrir ou non des ensembles types ou des trousses échantillons dans le cadre du Plan d'achat de manuels. Le mot *trousse* sera indiqué entre parenthèses après le titre des trousses sur les bons de commande se rapportant au Plan d'achat de manuels de façon à différencier les trousses des manuels. Il peut arriver que, pour des raisons techniques, les maisons d'édition ne puissent pas livrer les échantillons des trousses en même temps que ceux des manuels.

On trouvera la liste des trousses agréées avec celle des manuels scolaires. Elles sont classées, comme à l'ordinaire, par ordre alphabétique sous le programme-cadre auquel elles se rapportent.

Special learning materials for visually handicapped students

The Ontario School for the Blind in Brantford offers two support programs to local Boards of Education in Ontario. An Educational Consultant Service is provided for schools serving visually handicapped students. Large Print materials are available from the Large Print Library at the Ontario School for the Blind, for eligible handicapped students who require this service.

Many visually handicapped and some physically handicapped students can benefit from the use of large print. Details of a vision loss from a local ophthalmologist are necessary to help the Library determine a student's need for this service. These materials are expensive. The Library will attempt to provide all approved books requested in large print. Those texts in Circular 14 will be given priority.

For further information on either of the above services write to:
The Superintendent

Grants

In approving the purchase of textbooks, boards are reminded that the legislative grant for textbooks is included in the grants for ordinary expenditure.

Books selected from Circular 14 and purchased by a school board remain the property of the board. When these books are loaned to the pupils, they should be collected at the end of the school year so that they may be used again. In all cases, schools should see that proper care is taken of the books, keeping in mind that they belong to the board and are intended to be used for more than one school year.

(3)
Tout conseil scolaire doit se procurer et fournir gratuitement en nombre suffisant tous manuels scolaires choisis en vertu des articles 1 et 2 que les élèves de la première à la douzième année comprise utiliseront, dans toutes écoles relevant de sa compétence.

Matériel didactique destiné aux élèves qui souffrent de cécité partielle

L'école des aveugles de l'Ontario à Brantford met à la disposition des conseils scolaires de la province deux programmes pour les élèves qui souffrent de cécité partielle. Les conseils qui offrent des cours spéciaux pour ces élèves peuvent avoir recours aux services d'un conseiller pédagogique. Ils peuvent également obtenir des livres imprimés en gros caractères en s'adressant à la bibliothèque de l'école des aveugles.

Plusieurs élèves qui présentent des difficultés d'apprentissage, qui souffrent de paralysie cérébrale ou de toute autre affection peu commune peuvent avantageusement utiliser des livres imprimés en gros caractères. Une formule de demande dûment remplie et signée par un ophtalmologiste (oculiste) indiquant le degré de vue et les conditions de la maladie qui cause cette baisse de la vue doit être envoyée à la bibliothèque de l'école des aveugles. Ce sont les renseignements inscrits sur la formule qui permettent de décider si les livres sont nécessaires ou non. Les formules de demande peuvent s'obtenir à la bibliothèque des livres en gros caractères (Large Print Library, Ontario School for the Blind, Brantford, Ontario). Vu les frais considérables de l'impression en gros caractères, la bibliothèque, tout en tâchant de répondre à toutes les demandes, donnera la priorité aux manuels inscrits à la Circulaire 14.

Pour plus de renseignements on peut s'adresser au:

Subventions

On rappelle ici aux conseils scolaires que lorsqu'ils approuvent l'achat de manuels scolaires, ils doivent se souvenir que les subventions provinciales pour l'achat de livres sont comprises dans les subventions pour les dépenses ordinaires.

Le conseil scolaire reste propriétaire des livres choisis dans la Circulaire 14 et qu'il achète. Si on prête ces livres aux élèves pendant l'année scolaire, il y a lieu de les reprendre à la fin de l'année, afin qu'ils puissent être réutilisés une autre année. Dans tous les cas, l'école doit s'assurer que l'on prend soin des livres et elle doit se souvenir qu'ils appartiennent au conseil scolaire et qu'ils doivent servir pendant plus d'une année scolaire.

Availability of Textbooks

To ensure an adequate supply of textbooks in time for the opening of school in September, it is recommended that orders be forwarded to the publishers by the end of April. The orders may specify a delivery date that coincides with the time the books are needed in the schools. If books are ordered early, publishers can plan reprints in time to avoid shortages.

Where books for courses leading to the Secondary School Honour Graduation Diploma are supplied through local retailers, it is suggested that the books be ordered early, with a convenient delivery date specified. In a few localities, it is understood that some retail stores have discontinued the sale of textbooks. It may now be necessary for some schools to order directly from the publishers. Principals are requested to investigate the situation in their localities to ensure that students enrolled in courses leading to the Honour Graduation Diploma have textbooks available to them for September school opening.

Where publishers allow surplus copies to be returned, it is recommended that the surplus supply be sent back as soon as possible, so that the textbooks can be made available in other areas where they may be required.

Distribution des manuels scolaires

Afin d'assurer un nombre suffisant de manuels scolaires à l'ouverture des classes en septembre, on recommande de passer les commandes aux maisons d'édition avant la fin du mois d'avril. Il faudra préciser sur le bon de commande une date de livraison qui coïncide avec la période à laquelle on aura besoin de ces livres à l'école. Si l'on commande les livres assez tôt, les éditeurs ont le temps d'en faire des réimpressions et d'éviter ainsi toute pénurie de livres.

Si les livres nécessaires au cours du diplôme supérieur d'études secondaires sont fournis par les librairies locales, on suggère de les commander bien à l'avance, en indiquant une date de livraison qui convienne au fournisseur et à l'acheteur. On croit savoir que dans certaines localités, les magasins de détail ont cessé de s'occuper des manuels scolaires. Certaines écoles devront alors commander directement chez l'éditeur. On demande aux directeurs d'école de se renseigner dans leurs localités respectives afin de s'assurer que les élèves qui s'inscrivent au cours du diplôme supérieur d'études secondaires disposeront bien des livres dont ils auront besoin à la rentrée des classes en septembre.

Lorsque les maisons d'édition acceptent que les livres en surplus leur soient renvoyés, on recommande de le faire sans tarder, de manière à ce que ces livres puissent servir à d'autres qui en ont besoin.

Prices

A new policy on the prices of books listed in Circular 14 was instituted in Circular 14, 1975. The prices now given in Circular 14 are *net* prices. This means that the usual educational discount has been applied and the price stated with each entry is the price which a school board, a school, or a teacher will pay for that particular book. Members of the general public, including students, may expect to pay the usual list price. It should be remembered that in most cases shipping charges are extra.

Prix

Une nouvelle politique a été énoncée dans la Circulaire 14, édition de 1975, en ce qui concerne le prix des livres énumérés dans la Circulaire 14. Maintenant les prix indiqués dans cette publication sont des prix nets. Cela veut dire que la remise habituellement accordée pour l'éducation a été appliquée et que le prix indiqué à côté de chaque titre est celui que le conseil scolaire, l'école ou l'enseignant devra payer pour le livre. Le public en général, de même que les élèves, doivent s'attendre à payer le prix indiqué. Dans la plupart des cas, il faut aussi prévoir des frais d'expédition.

Price Changes

Publishers are now permitted to announce price changes at two different times in the year, namely, when the annual Circular 14 is issued (mid-winter) or in Circular 14B (September). However, a given price must stand for one year.

Changements de prix

Les éditeurs sont maintenant autorisés, deux fois par an, à annoncer des changements de prix, au moment où la Circulaire est publiée (au milieu de l'hiver) ou lors de la publication de la Circulaire 14B (en septembre). Toutefois, le prix établi doit rester en vigueur pendant un an.

Schedule A

Schedule A contains the titles of books approved for permissive use in the Primary and Junior Divisions of the elementary schools. School boards will be required to provide textbooks selected from Schedule A in numbers sufficient for the use of the pupils.

There is a need to recognize the trend away from the use of a single text per grade as the principal instrument of instruction, and towards the use of a variety of books in any subject area. Educational research has confirmed the fact that there are varying rates and degrees of pupil growth and maturity. Teachers must be provided with an ever-increasing selection of books and instructional materials from which to choose those that meet the different needs and aptitudes of the pupils.

Similarly, children must have access to an ample variety of print materials if they are to develop facility in choosing those appropriate to their immediate needs.

Accordingly, the term *textbooks* in *Circular 14* includes books that do not provide textbook material for an entire course and would therefore not have qualified as textbooks in the past. Some of these take a unique approach to a subject, and cover only part of a course of study; others provide a challenge to advanced pupils, and offer a more sophisticated treatment of a course; still others develop one or more topics in depth, and provide enrichment or resource material for some pupils.

The official curriculum policy document for the Primary and Junior divisions is the general guideline entitled *The Formative Years*, which supersedes all former Primary-Junior guidelines. It should be noted that, for bibliographic convenience, textbooks in the Primary and Junior Divisions are still categorized in *Circular 14* according to the subject headings used previously. It is expected that all textbooks will be used in accordance with both the policies outlined in the official guideline, *The Formative Years*, and the recommendations for effective implementation, contained in *Education in the Primary and Junior Divisions.*

Annexe A

L'Annexe A contient la liste des livres approuvés pour usage facultatif dans les cycles primaire et moyen des écoles élémentaires. On demande aux conseils scolaires de mettre à la disposition des élèves en nombre suffisant les manuels scolaires choisis sur l'Annexe A.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un manuel scolaire unique comme objet principal d'enseignement à un niveau donné, mais plutôt une gamme de livres variés sur une matière définie. Les recherches pédagogiques ont confirmé que l'évolution et la maturité des élèves s'effectuent à des rythmes et à des degrés différents. Il faut fournir aux enseignants un nombre toujours plus grand de livres et de matériel didactique pour qu'ils puissent répondre aux besoins et aux aptitudes variés de leurs divers élèves.

Les enfants, en outre, doivent avoir accès à une grande variété de documentation imprimée afin qu'ils puissent développer en eux ce qui convient le mieux à leurs propres besoins.

C'est pourquoi, la liste des ouvrages agréés dans la *Circulaire 14* comprend des livres qui ne couvrent pas nécessairement toute la matière d'un cours au complet et qui, pour cette raison, n'auraient pu se définir autrefois comme des manuels scolaires. Certains livres adoptent une présentation originale de la matière en question ou ne couvrent qu'une partie d'un cours quelconque; d'autres intéresseron, les élèves plus avancés car ils traitent plus en détail du sujet; d'autres encore s'étendent plus en profondeur sur un sujet ou l'autre et fournissent à certains élèves une documentation supplémentaire utile et appréciée.

Le document officiel se rapportant au programme d'études des cycles primaire et moyen est le programme-cadre général intitulé *Les années de formation,* qui remplace tous les autres. On remarquera que, pour des raisons de commodité bibliographique, on a continué à classer les manuels scolaires des cycles primaire et moyen de la *Circulaire 14* par matières. On s'attend à ce que tous les manuels scolaires soient utilisés conformément aux deux directives esquissées dans le programme-cadre officiel *Les années de formation* et les recommandations de mise en oeuvre contenues dans *La formation aux cycles primaire et moyen.*

Primary Division / Cycle primaire

A black dot (•) preceding a title indicates a new listing in Circular 14. A dagger (†) preceding a title indicates a new listing in Circular 14 to which the Book Purchase Plan applies.

Le point (•) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la circulaire 14. La croix (†) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la Circulaire 14 (à laquelle le Plan d'achat des livres s'applique).

Schedule B

Books approved for permissive use – Intermediate Division

Schedule B contains the titles of books approved for permissive use in the Intermediate Division of the several types of schools. Pupils will not be required to buy these books. School boards will provide textbooks selected from Schedule B in numbers sufficient for the use of the pupils.

In the selection of texts it is imperative that provision be made for the varying interests, needs, and abilities of the pupils. This will necessitate a degree of flexibility in choice of texts. In history, for example, it will be preferable to provide in each classroom some copies of each of several approved texts, since history is "no body of absolutes", and pupils ought to have an opportunity to compare a number of viewpoints and interpretations of historical events. In English literature, provision should be made for the study of different texts at a given level in successive years, and no attempt should be made to require the same texts to be studied at a given level throughout a school system in any particular year. Failure to provide for flexibility as outlined can result in a rigidity of thinking and a lack of appreciation, which are the antithesis of sound educational objectives.

The term *textbooks* in *Circular 14* includes books that do not provide textbook material for an entire course and would therefore not have qualified as textbooks in the past. Some of these take a unique approach to a subject, and cover only part of a course of study; others provide a challenge to advanced pupils, and offer a more sophisticated treatment of a course; still others develop one or more topics in depth, and provide enrichment or resource material for some pupils.

Annexe B

Manuels agréés – Cycle intermédiaire

L'Annexe B contient le titre des livres approuvés pour usage facultatif dans le cycle intermédiaire des divers genres d'écoles. Les élèves ne doivent pas être tenus d'acheter ces livres. Les conseils scolaires doivent mettre à la disposition des élèves en nombre suffisant les manuels scolaires choisis selon l'Annexe B.

Il est très important en choisissant les ouvrages à utiliser que l'on tienne compte de la diversité des goûts, des besoins et des aptitudes des élèves. Il faudra donc observer une certaine souplesse en faisant ce choix. En histoire par exemple, il est préférable de fournir à chaque classe quelques exemplaires de plusieurs ouvrages approuvés, puisque «rien dans l'histoire n'est absolu» et que les élèves devraient avoir la possibilité d'établir une comparaison entre divers points de vue et diverses interprétations des événements historiques. En littérature française ou anglaise, il faudrait prendre les dispositions nécessaires pour permettre l'étude de différents textes à un niveau donné au cours d'années successives et ne pas chercher à exiger que les mêmes textes s'étudient à un niveau déterminé pendant une année donnée dans le même système scolaire. Si l'on manque d'observer cette souplesse, il en résulte une rigidité de pensée et une diminution du sens de l'appréciation pour le texte étudié. Et cela réprésente justement le contraire des objectifs pédagogiques sains.

La liste des ouvrages agréés dans la Circulaire 14 comprend des livres qui ne couvrent pas nécessairement toute la matière d'un cours au complet et qui, pour cette raison, n'auraient pu se définir autrefois comme des manuels scolaires. Certains livres adoptent une présentation originale de la matière et ne couvrent qu'une partie du cours; d'autres intéresseront les élèves plus avancés car ils traitent du sujet plus en détail; d'autres encore s'étendent plus en profondeur sur un sujet ou deux et fournissent à certains élèves une documentation supplémentaire utile et appréciée.

Intermediate Division / Cycle intermédiaire

A black dot (•) preceding a title indicates a new listing in Circular 14. A dagger (†) preceding a title indicates a new listing in Circular 14 to which the Book Purchase Plan applies.

Le point (•) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la circulaire 14. La croix (†) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la Circulaire 14 (à laquelle le Plan d'achat des livres s'applique).

Schedule C

Books approved for permissive use – Senior Division

Schedule C contains the titles of books approved for permissive use in the Senior Division of the several types of schools. Pupils will not be required to buy these books. School boards will provide textbooks selected from Schedule C in numbers sufficient for the use of the pupils.

In the selection of texts to be used in English literature, in the authors studied in modern language courses, in other subject areas where texts are needed, and where no titles are included in the approved lists in Circular 14, it is imperative that provision be made for the varying interests, needs, and abilities of the pupils. This will necessitate a degree of flexibility in choice of texts among the varying courses and classes. In history, for example, it will be preferable to provide in each classroom some copies of each of several approved texts, since history is "no body of absolutes", and pupils ought to have an opportunity to compare a number of viewpoints and interpretations of historical events. In English literature, provision should be made for the study of different texts at a given level in successive years, and no attempt should be made to require the same texts to be studied at a given level throughout a school system in any particular year. Failure to provide for flexibility as outlined can result in a rigidity of thinking and a lack of appreciation, which are the antithesis of sound educational objectives.

The term *textbooks* in *Circular 14* includes books that do not provide textbook material for an entire course and would therefore not have qualified as textbooks in the past. Some of these take a unique approach to a subject, and cover only part of a course of study; others provide a challenge to advanced pupils, and offer a more sophisticated treatment of a course; still others develop one or more topics in depth and provide enrichment or resource material for some pupils.

Annexe C

Manuels agréés – Cycle supérieur

L'Annexe C contient la liste des ouvrages approuvés pour usage facultatif dans le cycle supérieur des divers genres d'écoles. Les élèves ne doivent pas être tenus d'acheter ces livres. Les conseils scolaires doivent mettre à la disposition des élèves en nombre suffisant les manuels scolaires choisis selon l'Annexe C.

Lorsque l'on choisit les manuels scolaires à utiliser dans les cours de littérature française ou anglaise, les auteurs à étudier dans les cours de langues vivantes ou dans toute autre matière nécessitant des livres, il est important, si aucun titre relatif à ces matières ne figure à la *Circulaire 14,* de tenir compte de la diversité des goûts, des besoins et des aptitudes des élèves. Il faudra donc observer une certaine souplesse dans ce choix des manuels scolaires destinés aux divers cours et aux diverses classes. En histoire par exemple, il est préférable de fournir à chaque classe quelques exemplaires de plusieurs ouvrages approuvés, puisque «rien dans l'histoire n'est absolu» et que les élèves devraient avoir la possibilité d'établir une comparaison entre divers points de vue et diverses interprétations des événements historiques. En littérature française, il faudrait prendre les dispositions nécessaires pour permettre l'étude de différents textes à un niveau donné au cours d'années successives et ne pas chercher à exiger que les mêmes textes s'étudient à un niveau déterminé pendant une année donnée dans le même système scolaire. Si l'on manque d'observer cette souplesse il en résulte une rigidité de pensée et une diminution du sens de l'appréciation pour le texte étudié. Et cela représente justement le contraire des objectifs pédagogiques sains.

La liste des ouvrages agréés dans la Circulaire 14 comprend des livres qui ne couvrent pas nécessairement toute la matière d'un cours au complet et qui, pour cette raison, n'auraient pu se définir autrefois comme des manuels scolaires. Certains livres adoptent une présentation originale de la matière et ne couvrent qu'une partie du cours; d'autres intéresseront les éléves plus avancés car ils traitent du sujet plus en détail; d'autres encore s'étendent plus en profondeur sur un sujet ou deux et fournissent à certains élèves une documentation supplémentaire utile et appréciée.

A black dot (•) preceding a title indicates a new listing in Circular 14. A dagger (†) preceding a title indicates a new listing in Circular 14 to which the Book Purchase Plan applies.

Le point (•) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la circulaire 14. La croix (†) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la Circulaire 14 (à laquelle le Plan d'achat des livres s'applique).

Schedule D

Some books in use with courses leading to the Honour Graduation Diploma

Schedule D contains the titles of some of the books for use with courses leading to the Secondary School Honour Graduation Diploma. This list is not necessarily complete, nor is it intended to be restrictive. It should not be interpreted as limiting the teacher's freedom of choice, subject to the approval of the board.

The term *textbooks* in *Circular 14* includes books that do not provide textbook material for an entire course and would therefore not have qualified as textbooks in the past. Some of these take a unique approach to a subject, and cover only part of course of study; others challenge advanced pupils, and offer a more sophisticated treatment of a course; still others develop one or more topics in depth, and provide enrichment or resource material for some pupils.

Annexe D

Quelques ouvrages en usage dans les cours menant au diplôme supérieur études secondaires

L'Annexe D contient la liste de quelques ouvrages pouvant s'utiliser dans les cours préparant au diplôme supérieur études secondaires. Cette liste n'est pas forcément complète et ne veut pas non plus être restrictive. Il ne faut pas l'interpréter comme limitant la liberté de choix de l'enseignant sous réserve de l'approbation du conseil scolaire.

La liste des ouvrages agréés dans la *Circulaire 14* comprend des livres qui ne couvrent pas nécessairement toute la matière d'un cours au complet et qui, pour cette raison, n'auraient pu se définir autrefois comme des manuels scolaires. Certains livres adoptent une présentation originale de la matière et ne couvrent qu'une partie du cours; d'autres intéresseront les élèves plus avancés car ils traitent du sujet plus en détail; d'autres encore s'étendent plus en profondeur sur un sujet ou deux et fournissent à certains élèves une documentation supplémentaire utile et appréciée.

A black dot (●) preceding a title indicates a new listing in Circular 14. A dagger (†) preceding a title indicates a new listing in Circular 14 to which the Book Purchase Plan applies.

Le point (●) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la circulaire 14. La croix (†) qui précède le titre d'un livre indique que ce manuel est nouvellement inscrit à la Circulaire 14 (à laquelle le Plan d'achat des livres s'applique).
